CARING FOR OUR PEOPLE

NAVIGATORS HOSTS MEDICAL CAMP FOR STAFF MEMBERS

NG News desk, Dubai: Reinforcing its commitment to employee well-being, Navigators Group recently organized a comprehensive medical camp for its staff members at its Dubai office premises. The initiative witnessed enthusiastic participation from employees across all divisions, reflecting a shared commitment to health and wellness.

The camp provided a full range of primary health check-ups, ensuring that every team member had access to essential medical assessments at no cost. In addition to the screenings, participants received personalized medical advice, with specific guidance offered to those requiring further investigations or follow-up care.

Led by a team of experienced and reputed doctors of Dubai, the camp ensured high standards of medical expertise and care throughout the initiative. Conducting the camp within the office premises enabled seamless participation, making healthcare both accessible and convenient for all employees.

This initiative underscores Navigators' continued focus on fostering a healthy workforce, recognizing that the well-being of its people remains central to its strength and success.

PRECISION IN MOTION

NAVIGATORS EXECUTES CRITICAL AIRCRAFT ENGINE MOVEMENT

NG News desk, Dubai: In the world of aviation logistics, time is not just money; it is mission critical. When an Aircraft on Ground (AOG) situation arises, every minute counts, demanding swift action, technical expertise, and flawless coordination.

Navigators' special projects team recently demonstrated these capabilities with the successful management of precision logistics and delivery of a high-value aircraft engine, executed under tight timelines and sensitive handling requirements.

The scope encompassed precision logistics and delivery of a single aircraft engine measuring 6.0 m x 2.5 m x 2.8 m and weighing 9,470 kilograms. Classified under AOG, the shipment required priority processing and meticulous planning from the moment of arrival.

The operation began with specialized ground handling at the airport, involving the controlled transition of the engine from airside to landside. This phase demanded careful gear switching and coordinated handling to ensure the unit's stability and safety at every touchpoint.

Before dispatch, a detailed technical inspection was carried out by the engineering division of Navigators to identify any signs of leakage or transit-related impact, ensuring that the engine maintained its operational integrity for subsequent repair procedures.

Recognizing the sensitivity of the cargo, the team deployed a dedicated air suspension trailer paired with an air suspension prime mover, significantly reducing vibration during transit. This ensured that the engine was transported under optimal conditions to the designated engineering facility.

Despite the complexities involved, the entire operation, from cargo readiness to final delivery, was completed within an impressive 5-hour timeframe, executed seamlessly during Sunday operations to meet the urgency of the requirement.

This movement stands as a testament to Navigators' expertise in managing time-critical, high-value, and precision-driven logistics, reinforcing its position as a trusted partner in the global project cargo and aviation support sector.

STRENGTHENING THE FLEET OF PICKUPS

NAVIGATORS EXPANDS FLEET TO STRENGTHEN TRANSPORT CAPABILITIES

NG News desk, Dubai: Navigators continues to strengthen its operational capabilities with the addition of new pickup vehicles to its fleet in Dubai. This latest expansion reflects the company's ongoing commitment to enhancing service efficiency, operational flexibility, and timely cargo movements across the region.

The newly inducted vehicles are equipped to support a wide range of logistics and transportation requirements, enabling faster coordination and seamless handling of cargo movements for clients across diverse industry sectors. With increasing demand for reliable and responsive logistics solutions, the fleet enhancement will further reinforce Navigators' ability to deliver dependable last-mile connectivity and operational support.

As part of its continuous growth strategy, Navigators remains focused on investing in infrastructure, transportation assets, and operational excellence to meet the evolving needs of the logistics industry. The fleet expansion also demonstrates the company's dedication to maintaining high service standards while supporting its growing customer base in the UAE and beyond.

DP WORLD NEWS

OFFICIAL LOGISTICS PARTNER

DP World announces it has been named the Official Logistics Partner of the **DP WORLD** Porsche Formula E Team in the ABB FIA Formula E World Championship, following its debut of the multi-year partnership earlier this season.

First activated at the Madrid E-Prix in March, the collaboration brings together two global brands united by precision, innovation and a shared commitment to more sustainable mobility. It reinforces DP World's automotive logistics expertise – from inbound components and EV battery handling to finished vehicle distribution - enabling resilient, end-to-end supply chain solutions. The partnership also reflects DP World's broader investment in decarbonizing global trade, from deploying renewable energy to electrifying equipment across its operations.

From São Paulo to London, the ABB FIA Formula E World Championship has a global calendar of city-center races showcasing electric vehicle technology and sustainable innovation. The collaboration strengthens DP World's global sports portfolio, which includes McLaren F1, SailGP, the DP World Tour, the Ryder Cup, the International Cricket Council and Yamaha Factory Racing, supporting brand visibility and customer engagement worldwide.

ETIHAD AIRWAYS LAUNCHES CODESHARE WITH AIR CAMBODIA

OPENING GATEWAY TO ANGKOR WAT

Etiha Airways and Air Cambodia have launched a codeshare partnership today, giving Etihad customers easier access to Cambodia's iconic Angkor Wat temple complex and one of Southeast Asia's most captivating destinations.

Through the partnership, Etihad customers can book flights from across its network to Siem Reap via Phnom Penh on a single ticket, with baggage checked through their final destination. Beyond the ancient temples of Angkor Wat, the city offers vibrant night markets, traditional Khmer cuisine, and rich cultural experiences that draw visitors from across the globe. Air Cambodia passengers will also be able to book Etihad's service between Phnom Penh and Abu Dhabi.

Additionally, Etihad guests can access Air Cambodia's Vietnam network through the airlines' interline partnership, opening up further travel options across Southeast Asia, including Ho Chi Minh City, Da Nang and Phu Quoc.

RAIL-LINKED CARGO NETWORK

AD PORTS, CMA CGM TO DEVELOP RAIL-LINKED CARGO NETWORK IN THE UAE

AD Ports Group, a leading global enabler of integrated trade, industry and logistics solutions, has signed a memorandum of understanding (MoU) with CMA Terminals Khalifa Port container terminal and CMA CGM Group, a global player in sea, land, air and logistics solutions, to develop efficient intermodal solutions and extend inland reach across the UAE and wider region, through AD Ports Group's consolidated inland intermodal network.

Under the MoU, the three partners intend to cooperate to anchor cargo flows across AD Ports Group's consolidated network of rail-linked inland container depots, dry ports, and cargo depots, extending CMA Terminals Khalifa Port's reach beyond the quay to inland consumer, industrial, and regional markets.

The collaboration will also explore opportunities to strengthen cargo flows across the UAE and regional markets, including the Northern Emirates, whilst extending trade corridor optionality through rail-linked inland connectivity to the borders of the Sultanate of Oman and the Kingdom of Saudi Arabia.
